Intermediate

Full stack web developer started making websites since 2015. I have worked as a freelancer and at several Singapore startups. You can visit my website <http://darren.li> to view some of my portfolio.

Experience

Apr 2018 - Present **Backend Developer**

ShipsFocus Group

- Develop solutions and services using PHP or other technologies
- Write and maintain clean and tested codes
- Provide input on development best practices
- Own features from initial discussions through release
- Guide and mentor junior developers

Jan 2017 - Mar 2018 **Tech Lead**

Flying Chalks

- Build a custom CMS and admin panel to support business operations.
- Reduce website load time by caching DB queries and reduce assets' (images & scripts) sizes.
- Building a live private chat and group chat system.
- Build analytics and charts into admin panel for better operation monitoring.

June 2016 - Jan 2017 **Backend Developer**

Inncee

- Worked on the backend of Inncee's eCommerce data analytics web app. (PHP & Laravel)
- Helped to write a Shopify app to fetch data from Shopify API and integrate to Inncee platform.
- Developed a custom logging component to automatically email support when the severe bug occurred.

Jan 2015 - Present **Web Developer**

Freelance

- Write well designed, testable, efficient code by using best software development practices.
- Create website layout/user interface by using standard and modern HTML/CSS practices.
- Integrate data from various back-end services and databases.
- Gather and refine specifications and requirements based on technical needs.
- Create and maintain software documentation.
- Be responsible for maintaining, expanding, and scaling client's website.
- Stay plugged into emerging technologies/industry trends and apply them into operations and activities.
- Cooperate with web designers to match visual design intent.

Education

2017 - Present **Bachelor of Science - Murdoch University**

Cyber Forensics, Information Security & Management and Computer Science (Double Major)

2016 **Diploma in IT - Kaplan**

Awards

2016 Innovate Singapore 2016 - A competition organized by Kaplan and Murdoch University, my team won second place with \$3000 cash prize.
